VOL. LXIII. No. 9. REDWOOD CITY, CALIFORNIA, SATURDAY, MAY 27, 1922 ESTABLISHED 1859

MOVEMENT UNDER WAY FOR CHILDREN'S PLAYGROUND

Chamber of Commerce Gives Support. F. K. Towne Appoints Committee.

Movement toward securing a children's playground was endorsed by the board of directors of the Redwood city chamber of Commerce unanimously last Friday night.

The project was presented by Prof. E. Monteith, supervising principal of the local schools and chairman of a committee appinted by President Towne of the chamber to report on the most practical site for the playgrounds. Other members of tre committee are Charles G. Lambert and C. M. Doxsee.

Possibility of acquiring the present athletic field at Broadway and the state highway from the high school authorities was discussed. The site could be made into an attractive playground with the addition of a swimming pool and other features, in the opinion of members of the chamber.

It was pointed out that high school athletics can be staged on the new property of the high school and that the development of a playround for younger children will lessen the number going daily to Palo Alto to enjoy the public playgrounds there.

The advertising value of the ground, due to its location on the highway, was also mentioned. Figures on the property will be presented by the committee to the directors in the near future and a proposition to purchase the site by a bond issue will be advocated, it is said.

Suggestions from the public, addressed to R. H. K. Smith, secretary-manager of the Redwood City Chamber of Commerce, will be welcomed and considered by the chamber in developing the project, it was announced.

E. H. WERDER VISITED BY SANTA CRUZ OFICIALS

OIL AT BELLVALE

The company that has been drilling for oil on the Robert Silva ranch at Bellvale for the past six months struck a good flow of oil last Saturday and the drillers are now busily engaged in casing in their well so that they can shut off the flow of water. The extent of the strike is not yet known, but from indications it is likely to be of great importance to the coast side of San Mateo county. Some years ago a three-barrel well of extremely high gravity was brought in in the same neighborhood, but as oil did not bring a high price at that time the well was abandoned. Geologists have contended the section around Bellvale has every indication of being rich in high gravity oil and it is to be hoped that they are right.

BIG 4TH OF JULY CELEBRATION FOR THE COUNTY OF SAN MATEO

Peninsula Bureau Will Stage Event at San Carlos. Sen. Shortridge Invited to Speak.

Plans are well under way for the monster Fourth of July celebration to be held by the Peninsula Bureau of Chambers of Commerce and Civic Associations at the speedway at San Carlos this year, Secretary R. H. K. Smith announced here this week.

Senator Samuel M. Shortridge has been invited by leter to be the speaker of the day.

Daylight fireworks, parades of gingham girls, dancing girls, bathing girls, rodeo stunts and a '49 bar and dance hall will be features of the event.

Refreshment booths and paddle wheels for merchandise operated by select peninsula beauties will bring in the revenu of th day. A barbecue and picnic will be free to all.

Fords, ponies and motorcycles will race around the track at various and sundry times and appropriate prizes will be presented to the winners.

Field games, the climbing of a greased pole, potato races, sack races and the catching of a greased pig will enliven the dull moments of the day, it is planned. And there will be areoplane and parachute stunts and bicycle races with many other features too numerous to mention.

For food, in addition to a barbecue and picnic, Noah's baked ham sandwiches, rapidly becoming famous all over the peninsula and bay districts, will be served in plenty to those wanting them. And all who have eaten in Noah's cafeteria in San Mateo will want them.

All members of the bureau are expected to assist in the celebration, Secretary R. H. K. Smith and President Frank Towne announced this week. No outside talent will be sought for when it comes to the work.

S. F. SUPERVISORS' ACTION CLEARLY EXPLAINED

Failure to include a 5-cent tax for an east side highway and bridge over lower San Fracisco Bay in the budget recently passed by the supervisors of San Francisco should not be taken to mean that the plan had been lost, according to a communication received here from Phil Thompson, president of the Civic League of Improvement Clubs of San Francisco.

Passage of the budget providing a tax rate of $3.45 will permit the bridge tax being included when the final tax rate is approved by the supervisors in September, Thompson said. His letter to R. H. K. Smith, secretary-manager of the Redwood City Chamber of Commerce, is in part as follows:

The charter of San Francisco permits but a tax rate of $3.50, and as we held the rate to $3.45 we have a leeway of 5 cents for the project and feel that it will be successful. What we have been endeavoring to do is to keep the tax rate down to $3.45 or lower so as to permit of the additional tax for the bridge when the rate is finally approved in September.

DEATH ENDS SUFFERING

Mrs. Anna Grainger, daughter of Mr. and Mrs. C. Peterson, passed away at the home of her parents, corner of Roosevelt avenue and the state highway, Wednesday night, after an illness of nearly two years. Mrs. Grainger came to Redwood City as a very small girl. She attended the local school and was a member of the class of 1901 of the Sequoia Union High School. She entered Stanford University and was graduated from that institution in 1905. At college her work was of such a high order that she was elected a member of Phi Beta Kappa, the national scholastic honor fraternity. For several years she was a teacher in the local school department, where she was beloved by both pupils and teachers.

She resigned her position to wed the late Elmer Grainger, who a short time afterward was stricken with the same disease that caused the death of his widow.

After Mr. Grainger's death Mrs. Grainger resumed teaching and was a member of the English department of the Inglewood High School near Los Angeles, when ill health forced her to give up the work. For the past six months she has been a great sufferer and has constantly prayed that death might release her from her pain.

Mrs. Grainger was an active worker in the Congregational church and because of her wonderfully sweet ways was beloved by all who knew her. She is survived by her parents, two brothers, Charles Peterson of Oakland and Roy Peterson of this city, and a sister, Mrs. George Welching of Salinas.

The funeral will be held at the parents' home on Sunday at 2:30 p. m., Rev. C. H. Stevens officiating, after which interment will take place at Union cemetery, this city.

NEW LIGHT AMONGST US

Have you noticed the change in Redwood City? Our streets are more beautiful, even our homes are more beautiful. And it is the new lighting system that did it. Comments from visitors and passers through our community all point to the wisdom of our trustees in selecting the new system. Redwood City has two things to be proud of—her new lights and efficient trustees. Trustees make some mistakes, of course, but here is where they have made a success. We have heard much favorable comment on all sides about what a change the lights have wrought.

W. T. Gardiner of Edwardsville, Ill., is in Redwood City spending a couple of weeks with his nephew, Arthur Warren, at the Warren home on Brewster street. Mr. Gardiner is profuse in his praise of California and this section in particular.

Are You Building A Home This Spring?

Every home builder naturally wants his new house as modern as possible. He will neglect nothing his means can afford to provide comforts for himself and family.

Of course you will wire that house for electricity.

If you have not already given out your contract we solicit an apportunity to discuss with you the details of your wiring. Be sure you are having lights placed in the best places for efficient use. You will need properly located baseboard outlets for your table lamps, electric fans, vacuum cleaner, electric flatiron and the numerous other economical household helps which you will want some day, to lighten the housekeeper's labors. We make no charge for an estimate and will be glad to help you with many practical suggestions.

JUDGE KERRIGAN

Judge Frank H. Kerrigan, after 26 years' service as a justice of the district court of appeal, is a candidate for justice of the supreme court, to fill one of the vacancies occurring through the expiration of the terms of two of the present justices of that court. The candidate's name was prominently mentioned as a possible appointee to the same position a few months ago, and it was freely conceded at that time that his promotion to the supreme bench would have been justly deserved. The appointment went elsewhere, however, and the judge is now exercising his right and privilege of coming before the voters and presenting his claims to them.

As a jurist of experience Judge Kerrigan has few equals, having spent 28 years of his life as a judge of our courts. His distinctive characteristics, if such they may be called, are the openmindedness with which he approaches the consideration of a case, his sterling common sense, his humanitarianism, and his impatience with what are termed the technicalities when used for the purpose of defeating an obviously just claim. At a time when the citizens are taking a keen interest in judicial decisions, many of which so intimately affect their welfare, the qualities possessed by Judge Kerrigan offer abundant assurance that the interests of the common people are safe in his hands.

DUMBARTON AND COAST SIDE

Many on the coast side are asking the question, in what way will the Dumbarton bridge benefit the people of Halfmoon Bay, Pescadero, Purisima, La Honda, Woodside, Portola and all that fertile country and along the scenic drive from Redwood City, Menlo Park and Palo Alto to the coast side?

To the keen observer the question has already answered itself. Visit any of our sister cities down the coast, including Monterey, Capitola, Santa Cruz or Carmel, and you will note that most of their patrons are from the warm San Joaquin valley, who come to the coast side during the summer months. It will be seen that with a bridge at Dumbarton a great many will take the opportunity of visiting our beautiful mountains and seashore during their summer vacations.

The bridge will also open up a new route from the coast side to Oakland and may also be the route for a new autobus line connecting with Oakland and the San Joaquin valley lines. It can also be used in transporting garden truck and freight between those points.

It can readily be seen from the above that the bridge will be of great benefit to the coast side of San Mateo county as well as to the city of San Francisco, the counties of Alameda and the San Joaquin valley.

SOME IMPRESSIONS

Money must be plentiful now. Every day we get a bunch of circulars inviting us to make a gigantic fortune in oil or in a gold mine. The letters accompanying the circulars are on fine paper. The paper, circulars and stamp all cost money. Somebody must be paying for them. So far they haven't any of our money, but you never can tell when even we too may like the looks of the bait.

Down in Los Angeles a famous movie actor took it upon himself to enter into a bigamous marriage a few days after he had secured an interlocutory decree of divorce. He knew that it was against the law to marry in California until a year had elapsed, so to get around the law he went over into Mexico and married. Now he finds himself in a bad tangle. He pleads that he didn't know it was illegal to marry so soon and says he is sorry and won't ever do it again. Now he is willing to wait the year. If he was some poor boob without any prestige he would get a five year jolt at San Quentin. We wonder what he will get.

Last Sunday we went to church. There was a fairly decent attendance, just fairly decent, however. Later our steps took us to the highway. There the attendance was so great that we had a hard time in crossing the thoroughfare. Personally we do not see what pleasure people can get in coming down the peninsula on Sunday. Travel isn't safe any more. Every Sunday takes its toll of killed or injured. If more people went to church and fewer went motoring the highway would be a safer place on Sundays.

A Stanford student digging in the bank of the San Francisquito creek which is the southern boundary of San Mateo county, last week discovered a skull which scientists claim adorned the body of a big necked individual who wandered around this neighborhood 10,000 or 100,000 years ago. Two weeks ago a man dug up the bones of a mastodon at Halfmoon Bay. We can claim some age in San Mateo county. If we keep up the good work we can become real exclusive if we wish. Little old Plymouth Rock won't have anything on San Mateo county.

MEMORIAL DAY

Next Tuesday will be Decoration Day. We have a peculiar feeling about Decoration Day. We feel that it should be the one day of the year that should be kept not as a holiday but as a holy day. We should remember not only the ones who gave their lives that our nation might live, but we should put the day apart also as a time to think about all our dear ones who have gone before.

Picnics should be no part of May 30.

SAN CARLOS NOTES

Mrs. N. T. Smith, accompanied by her gardener, P. G. Vandergrift, and her maid, Mrs. Louis Vivian, will depart next Tuesday for an extended visit at her girlhood home in the old New Hampshire hills.

R. Masson Smith of Babylon fame left last Monday for England, where he goes to look after the landed interests of himself and George H. Hiensley, who is joint owner of the popular resort at Babylon.

Miss Martha Entwissle, who lived with her parents here some years ago, came over from Oakland for the week end as a guest at the Hull-Shields home.

Mrs. M. J. Pierce and some of her friends from San Francisco have pitched their tents and are enjoying an outing on the five-acre tract that Mr. Pierce recently bought from the Phelps estate through the popular realty dealers, Lambert & Walter, of Redwood City.

Mrs. James Farnham, who returned with her sister, Mrs. J. W. Buell, to their old home at Leicester Junction, Vt., writes that they had a very pleasant journey without any unpleasant incidents en route and that she is having a delightful time visiting among relatives and old friends of the days agone.

Mr. and Mrs. Carl Philip, who are occupying the L. A. Conklin home for the summer, have become so favorably impressed with San Carlos and its environs that they are seriously considering buying a home site and building here. Mr. Philip and his charming young wife are originally from Denmark.

Mrs. Charles S. Tate of the popular Tate restaurant and her mother, Mrs. Louis Goffi, are the only San Carlos people enjoying the '49ers celebration at Sacramento. They would have taken their husbands along, but they were beardless.

Mr. and Mrs. R. D. Schott of Washington, D. C., arrived last Sunday for an extended visit at the home of their son, R. D. Schott, Jr.

Mrs. Charles A. Anderson and her little son recently arrived from Wyoming for a visit at the home of her parents, Mr. and Mrs. R. G. Davidson. Mr. Davidson is proprietor of the San Carlos Grocery, which he recently leased from J. W. Munday, who discovered that he found greater success in the real estate business than the groecry business, at which he had had no previous experience.

Miss Lorna Claire Delaney, the daughter of Mr. and Mrs. William J. Delaney, who graduated from the Lowell high school December 21 and is now attending the University of California, Saturday evening gave a lawn party and dinner dance at her parents' countr yhome at San Carlos to a few of her Lowel high school friends who are graduating next month and to fellow students at the University of California. The guests of Miss Delaney matored down the peninsula, arriving in the afternoon, when the beatuiful grounds of the Delaney home, elaborately decorated for the affair, were thrown open to the guests. Followin gthe games out of doors dinner was served, with dancing the evening'se feature. Mrs. Delaney chaperoned the affair, which was voted one of the most successful held for some time.

THE LITTLE MAN WITH ONE SHOE

Miss Margery Bailey, who resided in Redwood City for several years with her sister, Miss Anna Bell Bailey, former county librarian, has just had a second of her books published by Little, Brown & Co. The book is named "The Little Man with One Shoe." Like her first production, "Seven Peas in a Pod," the new book contains six fanciful stories which are of equal interest to little ones and grownups.

The stories tell of fairies that change into maidens, animals that talk like human beings and many other things that make them interesting. There are also a number of old English ballads woven into the stories that heighten the interest.

Miss Bailey is now a member of the English faculty at Stanford and is enjoying a leave of absence and is in the east.

LOCAL COUPLE MARRIED

Frank Furger, who is employed as a mechanic in a Palo Alto garage, but who has made his home in Redwood City for the past year, and Miss Mamie Manley, also of this city, were united in marriage Wednesday by Justice of the Peace Ray Griffin.

Mr. and Mrs. Furger will make their home in this city and have rented apartments at 508 Hamilton street.

The Times-Gazette joins with the friends of these young people in wishing them a happy married life.

NEW INDUSTRY PLANNED FOR REDWOOD CITY

A gentleman from San Francisco was in Redwood City this week looking over the field with the idea of starting an egg crate factory here In conversation with a representative of this paper he stated that he had about decided to purchase a location here and would return in July to begin the erection of a factory. If his intentions are carired out he will engage several skilled mechanics and will also have a number of young men and women to do the unskilled labor.

HALFMOON BAY CHAMORITA

There will be a parade tonight and again tomorrow morning, the latter to form at the I. D. E. S. Hall and march to the Catholic chuhch, where mass will be celebrated.

Following the mass there will be a grand barbecue and picnic at the picnic grounds. There will be the usual dances at the town hall on Saturday nights with supper served at a local cafe. M. P. Dutra and Supervisor Manuel Francis will be floor managers.

There will also be a barbecue served at noon on June 11. Fred Marsh has been engaged to furnish beef for the barbecues.

ENDS SIX YEARS' SERVICE

Mrs. Joanette Eberle, for the past six years in the telephone office here, will retire on the first of the month, it was announced here this week. During her stay in the office Mrs. Eberle has made many friends by her genial manner and her ever obliging and kind disposition. It is understood she leaves to devote her entire time to her home on Stambaugh street. The good wishes of the many friends she has made while in the telephone office go with her, with hopes that she will continue to have much happiness.

To save a shift on hills

Many an automobile fails to deliver the power and speed of which it is capable, fails in acceleration and on the hills, because of poor lubrication.

The purpose of lubrication is to reduce friction. In this connection it must be remembered that oils have internal or molecular friction. The heavier the oil the more this internal friction, which has to be overcome by and uses up power.

The ideal oil for the automobile is the thinnest oil which will keep the bearing surfaces separated, and at the same time offer in itself the least frictional resistance to the engine power going to the rear or driving wheels.

Such an oil—if it has "oiliness," stability and purity,—will give perfect lubrication, and permit the development of the maximum power, speed and gasoline mileage of the car.

Zerolene meets these conditions perfectly.

Oiliness—Stability—Purity

Zerolene has great "oiliness," which causes it to cling to bearing surfaces while offering in itself a minimum of frictional resistance to the engine power.

It has great stability, which causes it to resist engine heat and to form a minimum of carbon of a soft, flaky nature which goes out with the exhaust.

And it is pure.

If you follow the Zerolene chart of Correct Lubrication, you will develop the maximum power, speed and gasoline mileage of your car.

MOST MILES per DOLLAR
Firestone CORD TIRES

The tire section above at the left shows the condition of a Firestone 33x4½ Cord Tire after 20,994 miles on a Yellow Cab in Chicago.

The section at the right was cut from a new Cord of the same size. Careful measurements show that only 1/3 of the tread of the tire on the Yellow Cab has been worn away after this long, gruelling test. The carcass is intact after more than 11,000,000 revolutions.

Firestone Cords have averaged over 10,000 miles on Chicago Yellow Cabs (1,200 cabs all Firestone equipped). In thousands of instances, they have given from 15,000 to 30,000 miles.

Look at the tread—scientifically angled against skid, massive and heavy in the center where the wear comes, tapered at the edges to make steering easy and to protect the carcass against destructive hinging action of high tread edges. The carcass is air bag expanded to insure uniform tension and paralleling of every individual cord. It is double "gum dipped" to make sure that each cord is thoroughly insulated with rubber.

This is the reason why Firestone Cords unfailingly deliver extraordinary mileage. It explains the unanimous demand of thoughtful tire buyers for these values. The local Firestone dealer will continue to provide the personal service that makes Firestone tire comfort and economy complete.

MENLO PARK NEWS

The rite of confirmation was conferred upon a large class in Trinity Episcopal church last Sunday. Bishop Parsons of San Francisco officiated.

Tuesday Mrs. Walter Linforth was hostess to 35 guests from about the bay at a luncheon at the pretty Linforth home on Glenwood avenue. Mrs. Linforth is a charming and a clever entertainer.

Sixteen San Francisco and peninsula friends were entertained at dinner Saturday evening by Mr. and Mrs. Robert Moore at their attractive home on Valparaiso avenue.

Mr. and Mrs. Andrew Welch and their two charming daughters, Miss Marie and Miss Florence Welch, were guests at the pretty home here of Mr. and Mrs. Stewart Lowery last Sunday. The Welches will depart for a trip to Europe early next month. The other guests present were Mr. and Mrs. A. Taylor, W. G. Filer and Baldwin Wood.

Even Runnymede, the famous chicken colony, has caught the spirit. At the recent meeting of the berry growers association there the Dumbarton Point site for the bridge over the bay was indorsed. The bridging c fthe bay at this point would be a big thing for Runnymede. With the completion of the bridge Runnymede would soon be a city larger than Palo Alto.

Mrs. Atherton Macondray, Miss Inez Macondray, Mr. and Mrs. Herman Phleger and their infant daughter, Mary Elena, will pass the summer in the Weliman cottage at Miss Harker's School, Palo Alto. They plan to come down the peninsula about the middle of June. Miss Macondray passed last week end at Atherton with her uncle and aunt, Mr. and Mrs. Perry Eyre, where she entertained a few San Francisco friends at luncheon Sunday.

Rev. and Mrs. Hugh Montgomery, who are soon to leave for Stockton, where Mr. Montgomery is to take charge of a large parish, are being given farewell parties by their many friends in Menlo Park. On Tuesday Mrs. Cecil Marrack was hostess at a farewell luncheon to Mrs. Montgomery. Those invited to bid Mrs. Montgomery goodbye were Mrs. William Warren, Mrs. Burke Corbet, Mrs. John Selby, Mrs. Hamilton Judson, Mrs. Jens Bugge, Mrs. Winifred Field, Mrs. H. Clay Miller and Mrs. Lea Febiger.

The new and attractive thoroughfare recently constructed through the Menlo Oaks tract is being used by the heavy trucks hauling material to the base hospital for the new buildings being erected there. If buildings being erected there. If this practice is permitted the road will for use. It is now one of the finest boulevards in the county and should be protected from the ravages of the truck drivers. The Middlefield and Willow roads could be utilized for this purpose and thus save the good thoroughafe. Let some action be taken before it is too late.

The Menlo Park baseball dance is to be held in Native Sons' Hall next Saturday evening. It will be an all night affair. The proceeds of the dance will go toward a fund to purchase suits for the nine. Excellent music has been engaged for the occasion.

The old Chinese laundry building erected many years ago on Laurel avenue, which has been an eyesore to the residents in that choice district is to be wrecked next week. It will give way for a modern bungalow to be erected by the owner of the property, B. Lledberg.

James Howell has leased the Logan home near the Samuel M. Shortridge estate, and with his charming wife moved into the dwelling Thursday. Mrs. Howell is the daughter of Mrs. Wales, wife of Major Wales, who owns a beautiful home near by.

The Native Daughters are planning a dance to take place on June 10. Make no other date for that occasion, for it is to be the big event of the summer season.

E. S. Heller and wife leave for the east and Europe today to be gone for three months. During their absence their pretty home at Atherton is to be occupied by Mr. and Mrs. Sidney Ehrman. Mrs. Ehrman and Frs. Heller are sisters, daughters of the late Isaac Heliman. Mr. Heller is accounted on e of the ablest attorneys in San Francisco.

The card party and adnce to be given under the auspices of the ladies of the Church of the Nativity in Native Sons' Hall next Wednesday evening is to be well attended, from present indications. Card fans and dance goers are looking forward to the event with anticipations of an enjoyable evening. Good music and valuable prizes will be features of the big event. Don't miss it.

Charles M. Holbrook will move down from the city today for the summer months. He will be accompanied by his daughter, Mrs. Palmer, and her husband.

Permanently Removing Spots by the **F. Thomas** *Process*

If spots come back after your clothes have been to the cleaners, they haven't been thoroughly cleaned.

Spots that appear in clothing caused by grease, food stains, etc., quickly collect dust and dirt. They can be permanently removed by the "F. Thomas Process" without injury to the fabric.

The "F. Thomas Process" is a highly developed, scientific method of cleaning by which we obtain the perfect work for which this establishment is noted.

Every drop of cleaning fluid that we use is carefully re-distilled in our plant. Special equipment that we have installed to properly handle this work represents an investment of thousands of dollars.

The cheap, "just as good" cleaner either washes your clothes in dirty gasoline, or scours his gasoline with strong sulphuric acid. It is dangerous to have your clothes cleaned in "acid" gasoline. It is economy in the long run to have your clothes cleaned by the "F. Thomas Process."
